Re: 4th Street Water Main Replacement
Final Completion

Dear Members of the Board:

This letter serves as our recommendation for Final Completion and final payment/release of retainage to Atlas Excavating, Inc. for the 4th Street Water Main Replacement project. We believe the Contractor has satisfactorily completed all work items for this project and those that have arisen since Substantial Completion was approved on November 1, 2019 (4th Street portion) and February 5, 2020 (Kossuth Street portion). Issues arising after approval of Final Completion would still need to be addressed as warranty issues, if the issues are determined to fall under warranty requirements within the one-year warranty period. This warranty period ends November 2, 2020 (4th Street) and February 5, 2021 (Kossuth Street) for the work accepted at the time of Substantial Completion.

The Contractor has submitted the required Release of Liens from their subcontractors and major suppliers which will be forwarded to the City under separate cover for the City's files. Wessler Engineering has received and reviewed the project as-builts, which are sufficient and will be sent to the Water Works for their files. The final pay request from Atlas Excavating is included with this letter, and upon your approval of Final Completion, release of the remaining retainage can be made. The amount of retainage remaining is \$19,067.77.

If you have any questions or comments please feel free to contact me at (317) 788-4551.

Sincerely,

WESSLER ENGINEERING
