The Lafayette Historic Preservation Commission is a nine-member board who meets monthly to review the COA applications that are subject to commission review.

The Lafayette Historic Preservation Commission cannot render judgment nor process an Application without the specific documentation listed below. It is the Applicant/Owner who must provide comprehensive documentation of the proposed project with adequate information so that there is a complete understanding of the project for the commissioners and staff when rendering a decision. Applications will NOT be processed without all required or requested documentation. An incomplete COA application may delay the COA review process.

These items must have been completed before submitting application: (Please check yes or no below)

1. Are all zoning approvals met and in compliance for the proposed work? Yes No
2. Are there any Variances pending or necessary for the proposed work? Yes No

Documentation to be submitted with application: (Minimum requirements for all COA Applications)

(Please place a check-mark at each listed item below that you include with this application)

- Photos of building exterior (all visible elevations) maximum of 4 photos to a 8 1/2"x11" sheet
- Complete drawings of proposed project
- Floor plans of affected levels
- Exterior elevations of all areas where work will occur (minimum 11"x17" sheet)
- Signed application
- Site plan (If project affects ground floor exterior)
- Sample or brochure plus specifications and color samples of all permanent materials to be used
- Written description of proposed project and 1 set of full-sized plans
- Photos of adjacent or attached structures showing locations of connection
- Electronic versions of complete drawings of the proposed project are acceptable

NOTE: See categories below for specific projects and additional documentation as applicable.

WINDOW PROJECTS (Additional Documentation)

(Check-mark all that apply)

- Elevation drawings of each window type
- Window section drawing(s): with head, sill, jamb, mullion, and muntins with all dimensions
- Condition statement of existing windows describing the type and extent of deterioration for windows to be removed or replaced. If replacement windows are proposed, submit photos showing condition and extent of deterioration.
- Note indicating whether or not windows are original
- Note on plan and elevations which windows are new and which are original to remain
- Note materials to fill in opening and indicate structure to be removed if applicable

DOOR(S) PROJECTS (Additional Documentation)

(Check-mark all that apply)

- Close-up photo(s) of the existing door(s) to be replaced and photos of doors on adjacent buildings
- Condition statement of the existing doors describing the type and extent of deterioration

Signature of Owner (if different): _____ Date: _____

APPLICATIONS AND DOCUMENTATION:

Applicant must provide 13 copies of the completed and signed COA Application and all documentation noted to be submitted with COA Application including: Materials to be used, detailed written description of the project with dimensions, drawings to scale, construction methods, finishes, manufacturing brochures and specifications as well as clearly labeled photographs of the building and affected areas. Plus any additional documentation as requested by Staff or the COA Committee. Electronic versions may be submitted if available in addition to the 13 copies noted above. The copies will be supplied to each Commissioner and the City Staff for the Lafayette Historic Preservation meeting.

The Commission follows the Secretary of Interior's Standards for Rehabilitation and Guidelines for Rehabilitation Historic Buildings when reviewing applications. Applications should follow these standards and guidelines when applicable. Additional guidelines, Preservation Briefs, Bulletins and "The Resource Guide", can be accessed on line at www.Lafayette.in.gov

Certain work in a Historic District may be approved by the Staff in lieu of being reviewed by the Lafayette Historic Preservation Commission, but the applicant will still be required to submit this application for Staff review with all documentation as noted for the proposed project.

Staff is authorized to approve the following: Signs that comply with the guidelines, Installation of storm windows, Installation of re-skinning of canvas awnings and canopies of a simple design, Installation of historically appropriate hand rails, Temporary removal of historic building components for the purpose of repair, Replacement of roof sheathing when there are no structural changes, Removal of chimneys that are only visible from the rear of a structure, Installation of stained or leaded glass windows, Installation of appropriate historical shutters, Removal of a non-original addition or alteration to a structure, and Extension of an approved COA for up to one additional year if the project scope has not changed. If questionable, please contact Staff to determine whether your project must be reviewed by the Lafayette Historic Preservation Commission.

APPLICATION SUBMITTAL DEADLINE:

This COA Application Form and all supporting documentation **MUST** arrive by 12:00 noon on the deadline date established to be considered at the next Historic Preservation Commission Meeting. Any information not provided to staff in advance of the meeting may not be considered by the Commission during their deliberation. Please call if you have any questions and Staff will assist you.

MEETING ATTENDANCE:

For COA applications requiring review by the Lafayette Historic Preservation Commission attendance at the Commission Meeting is strongly recommended to present the project and answer questions. The Commission will also hear public comments prior to making a decision on the project. Failure by the Owner, applicant or contractor to attend such meetings may result in denial of the Application due to insufficient presentation.

INSPECTIONS:

All projects will be inspected while work is in progress and upon completion of the project to ensure compliance with the approved COA.

Owner acknowledges that while the Lafayette Historic Preservation Commission only considers Certificates of Appropriateness for exterior features, under certain circumstances it may be necessary for the Commission Staff to have access to the interior of the building in order to accurately assess the condition of the exterior feature(s). The lack of access to the interior may prevent the Commission Staff from making a favorable recommendation.

Applicant **MUST** notify the Commission Staff upon completion of the approved COA work for a final inspection of the improvements.

WORKING WITHOUT A COA / DENIAL OF A COA

Lafayette Staff inspectors regularly inspect historic properties to ensure compliance with approved Certificates of Appropriateness. When additional work has been commenced without an approved COA, a Staff inspector may issue a stop work order and request that the Owner seek an addendum to the original COA to include any additional work, revisions or changes. Work undertaken without a Certificate of Appropriateness is in violation of Title 12 of the Lafayette City Code, and the Lafayette Historic Preservation Commission may require that unauthorized changes in a historic structure be reversed and or completed in a satisfactory manner. If the work continues, a building official may issue a citation with a fine and the Historic Preservation Commission may institute suit for injunction to restrain the Owner from further violation and to cause the violation to be prevented, abated or removed. Please contact the Staff if there is any question about changing the scope of the work approved.
