City of Lafayette and TAF Announce New Public Art Initiative

LAFAYETTE, INDIANA – March 16, 2023 – The City of Lafayette and The Arts Federation (TAF) are pleased to announce a new public arts initiative to help beautify areas of the city. Local artists, 18 and older, are being asked to submit examples of previous work for consideration of being selected to produce a custom design for one of 14 traffic signal boxes.

“We are very excited to once again partner with TAF and local artists on this new art venture for the city,” states Mayor Tony Roswarski. “Traffic boxes are a highly visible yet underused medium. We are thrilled to implement this beautification initiative that will showcase our talented pool of local artists.”

This is a paid opportunity where each selected artist will receive payment of \$850.00 per design. Finished designs by selected artists will be transferred to vinyl and the traffic box will be wrapped with the artist's design. Installation will be executed by trained professionals. Traffic box sizes vary and selected artists must be willing to work alongside a designer to adjust proportions should that be needed.

To apply for this opportunity, complete the [online application](#). All applications are due by April 3, 2023. This opportunity is made possible with funding from the City of Lafayette.
