

Petition to Remove the
No Parking Enforcement Zone
on both sides of Roberts St. West of N. 9th St.
& Replace with On-Street Parallel Parking

TO: The Lafayette Parking Commission

FROM: The owners of IN Space, LLC, and More Space, LLC

DATE: April 12, 2021

RE: A request to remove the existing No Parking enforcement zone on Roberts St west of 9th Street and replace with parallel parking

The yellow building at 816-820 Roberts St. has recently been acquired by More Space, LLC. We request that the No Parking Zones along that block of Roberts Street be removed. It is our intention to improve the parking lot on the property to provide parking spaces, but such an improvement will take time, and until then we are left without safe parking spaces.

IN Space is an aerospace research and development firm that has been in business in West Lafayette since 2003. We work with NASA, the Department of Defense, and private aerospace companies. We're very excited to have acquired this property, and to begin significant improvements that we believe will be a great benefit to the neighborhood and the north side of Lafayette.

We appreciate your consideration of this request.

Sincerely,

A handwritten signature in black ink, appearing to read "Amy Austin". The signature is fluid and cursive, with a large, stylized "A" and "X".

Amy Austin
Business Manager

On behalf of the owners of IN Space, LLC and More Space, LLC
